

Dear Students,

We hope that you and your families are safe during these difficult times.

Given the current situation, and in our effort to provide you with the best education possible, we have decided to begin on-campus sessions at the Antelias and Tripoli centers for selected courses starting next Monday, October 14. Classes at the Badaro center will remain online until further notice.

We encourage all students who are able to attend the on-campus sessions to do so, as it will provide a better understanding of the material. The table below lists the courses (sorted by course code) and sections that will be offered either on-campus or in Hybrid mode. By Hybrid mode, we mean that sessions will be held on-campus while simultaneously being available online, ensuring that displaced students or those unable to attend in person can still follow the class live online.

Please note that all courses will also have recordings available, allowing you to access them anytime and anywhere. Courses and sections not listed in the table below will continue to be conducted online until further notice.

Thank you for your perseverance and commitment. Stay safe
